

Alcohol Purchases

Effective Date: 02/01/2008

Revised Date: 3/20/2008

**Policy – Academic Health Center Policy on Alcohol Purchases**

Academic Health Center expenses for alcohol must be charged to the Medical Center Fund of Cincinnati or private practice corporations by those with access to those funds before considering AHC discretionary funding sources as noted in the University's policy on Alcohol Purchases. UC Foundation funds may also be used for alcohol expenses which are donor related.

The Academic Health Center will follow the same procedures and restrictions as noted in the University's policy on Alcohol Purchases relating to sponsored projects and exemptions.

Note: Colleges of COAHS, COP, and CON reporting to the Provost may pay for non-donor related alcohol expenses with their UC discretionary funds.
